WHO WE ARE

As a **Shopify Plus Partner** and former leaders of FarApp (now NetSuite Connector), YCS brings unmatched expertise in integrating Shopify with NetSuite using the native NetSuite Connector. We help brands simplify, extend, and optimize their Connector implementation—no third-party tools required, and more cost effective integrations.

WHY CHOOSE YCS

COST-EFFECTIVE SOLUTION

YCS helps your customers reduce their overall costs by using NetSuite Connector, minimizing the need for costly third-party solutions.

INCREASE FUNCTIONALITY

Our team extends the capabilities of NetSuite Connector with custom enhancements, unlocking features that are otherwise inaccessible.

INTEGRATE IN LESS THAN 30 DAYS

Achieve full integration within 30 days with our rapid deployment services, ensuring quick and seamless NetSuite Connector setup.

HANDS-ON, QUALIFIED SUPPORT

Work directly with our team of in-house NetSuite Connector experts—all based locally and focused solely on the Connector.

WHEN TO POSITION US PRE-SALE

If NetSuite is in the picture, chances are there's a need for a connector. Bring us in early to evaluate whether NetSuite Connector is the right fit and what it will take to make it work for your customer's needs—before costly limitations or surprises pop up later.

WHEN TO POSITION US POST-SALE

☞ Connector not doing what was promised? ☞ Long wait times to integrate? ☞ Customer frustrated with failed implementation or lack of automation? Send customers to us for a **FREE EVALUATION.**
